World evangelization...is a divinely ordered goal for every Christian. Not only is it attainable; it is inevitable. Whether or not we believe it, someday the gospel of the Kingdom will be heard to the ends of the earth (Mt. 24:14). The God of the universe will not be defeated in His purpose. Any activity not in step with His design for human destiny is an exercise in futility. The sooner we realize this and align our way with His, the sooner we will be relevant to eternity.
